## Weights & Measures Registration-Fees Required Annually

Weights & Measures Registration-Fees Required Annually Weights and Measures inspections ensure the accuracy of commercial Weighing and Measuring devices in addition to Point of Sale (Scanner) and Packaging Inspections to provide equity in the marketplace for businesses and consumers. Registration fees help offset the cost of inspection of these devices, scanners and packages. In order to operate your commercial device, scanner or package (more than 10,000 units) you must provide us with accurate registration information and pay the correct annual fee.

## \*Registration Requirements\*

A separate registration application and fee is required for each business location. Registrations are not transferable from one person to another or one location to another. If a business is transferred the new owner is responsible for the annual registration fee. Registration payments not postmarked within 30 days of the due date will accrue penalties.

## \*Updating your Registration\*

If there are any changes to your -billing address, contact information, device number/type, the number of scanners you operate, or anything else please complete and submit the registration form. You can send it to us via mail or email.

Registration Payments can be made online or by mail

Mail New/Updated Registration Form and Payment to:

Ventura County Agriculture/Weights and Measures
555 Airport Way Suite E
Camarillo CA 93010

Online Payments to:
